

F Male to female surge Arrester

Electrical:

Impedance: 75ohm

Frequency Range: DC-3GHz

VSWR: ≤ 1.2

Insertion loss: $\leq 0.25\text{dB}$

Transmission Power: 200W

Dielectric withstanding Voltage: $\geq 500\text{V RMS}$, at sea level

Working Voltage: $\leq 170\text{ RMS}$, 50Hz, at sea level

Rated DC Voltage: 230V

Max impulse discharge current: 20KA

Dielectric Resistance: $\geq 1000\text{m}\Omega$

Temperature range: $-40-85^\circ\text{C}$

waterproof rate: IP67

Durability: ≥ 500 cycles

Material:

Body: Brass Tri-alloy plating

Insulator: PTFE

Center Conductor: Brass Au plating

Screw nut: Stainless steel

Spring pad: Stainless steel

Washer: Stainless steel
