

INVOXIA GPS TRACKER
LOW POWER GPS TRACKER.

The New Generation of GPS Tracker

A GPS Tracker solution for everyone

With the Invoxia GPS Tracker, you'll always know where your stuff is. Set customized safe zones and get notifications on your phone when your car, luggage, or even kids enter or leave those areas. Easily access Tracker's position with your smartphone's GPS positioning. You can easily check in on Tracker's position with your smart phone's GPS, and unlike Bluetooth trackers, the Invoxia GPS Tracker lets you see where your stuff is even when it's far away. The Invoxia GPS Tracker has a battery life of up to 6 months and a 3-year network subscription is included.

Invoxia GPS Tracker can help you secure your professional equipment, laptop, etc. in your bag.

Enjoy a peace of mind, knowing that your child is coming straight home from school or sports.

Invoxia GPS Tracker is discreet, compact, and has extended battery life. Just slip it into your bag and get a peace of mind.

Slide Invoxia GPS Tracker onto your motorcycle. You can keep an eye out on your vehicle while it is parked on the street during the day.

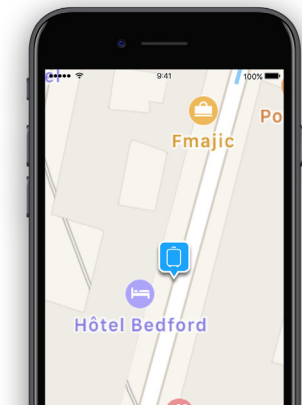

If you own a vehicle that is often used by or leased to third parties, Invoxia GPS Tracker will help you track its routes.

Keep your belongings safe when you travel. Always know where your suitcase is during national airport flights and transfers.

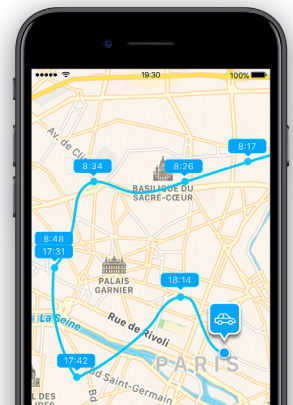

Invoxia GPS app : Advanced functionalities

Locate where is the GPS Tracker. Invoxia GPS Tracker send its location depending the intensity you choose in the Roadie GPS app.

Set geographic areas and you'll be notified when the Invoxia GPS Tracker enters or leaves them.

Choose a period of time, and see the precise route your Invoxia GPS Tracker took during that time.

Invoxia GPS app is available for iOS and Android.

No SIM card needed and no limit in distance!

Invoxia's GPS Tracker doesn't require a SIM card or a mobile subscription. It uses low-consumption networks to be more autonomous and efficient than other trackers. Furthermore, Invoxia's GPS Tracker is sold without any additional cost: a 3-year subscription to low-consumption networks is included. After the first three years, access to the service only costs 9,99 € per year, equating to 0,83 € per month (subscription through the app).

Visit Sigfox's website to check the geographical coverage in your country.

Invoxia's GPS Tracker holds its battery charge for a long time.

With its optimised design, Invoxia's GPS Tracker remains active 1 to 6 months, depending on usage and activity. A notification is sent when the battery charge level falls below 20%. You can easily charge the Tracker with the included USB cable in just 90 minutes.

Up to 6 months battery life

 **USB Charging Cable included**
